MRO MARKETPLACE · AIRCRAFT AND PARTS FOR SALE

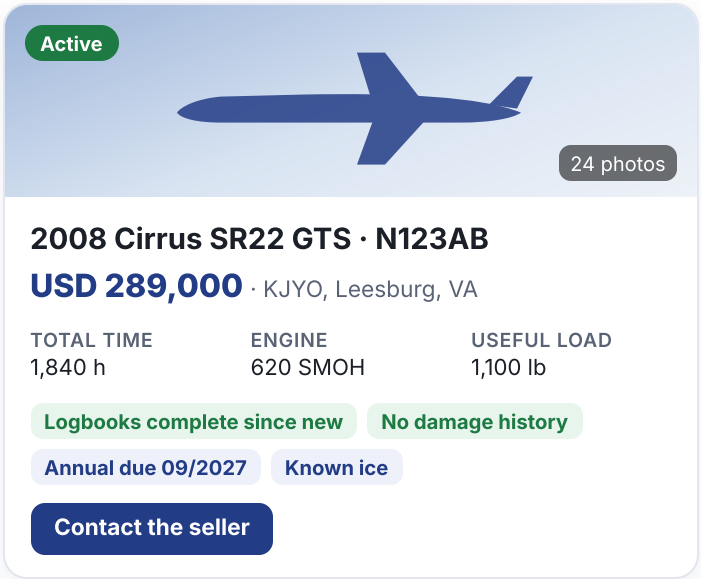

List aircraft and parts where maintenance people already look.

The MRO Marketplace now covers more than contract pilots, CFIs, A&Ps and IAs. Dealers, operators, repair stations and owners on Avistrata can list aircraft and parts for sale with photos, specs and paperwork, and answer buyers from the Marketplace workspace. Buyers search for free, with no account.

Aircraft for sale | Parts for sale | Records status on every aircraft | Paperwork and traceability | Buyer inquiries and quotes | Free to search

AIRCRAFT FOR SALE

A listing that answers the buyer's first questions

A sample listing: price, location, times, records status and highlights

For sellers

- **Fill in from one of your aircraft:** make, model, serial, registration, total time, landings, engines and propellers come from Avistrata.
- **Photos:** drag and drop, reorder, pick the cover, add captions.
- **Records status up front:** logbooks, damage history, next annual or inspection, maintenance program, ADs and recent work.
- **Engines and props as rows** (SMOH, SPOH, TBO, program), avionics and equipment as lists.
- **Draft, publish, mark pending or sold, withdraw.** Views and inquiries counted per listing.

For buyers

- Search by category, make, price, year, total time and country.
- Ask about financing or a pre-buy inspection right in the inquiry.
- Print a one-page spec sheet from any listing.

Inquiries in one place

Every inquiry lands in the Marketplace workspace and by email. Reply by email or in Avistrata, set the status and keep notes.

Seller details protected

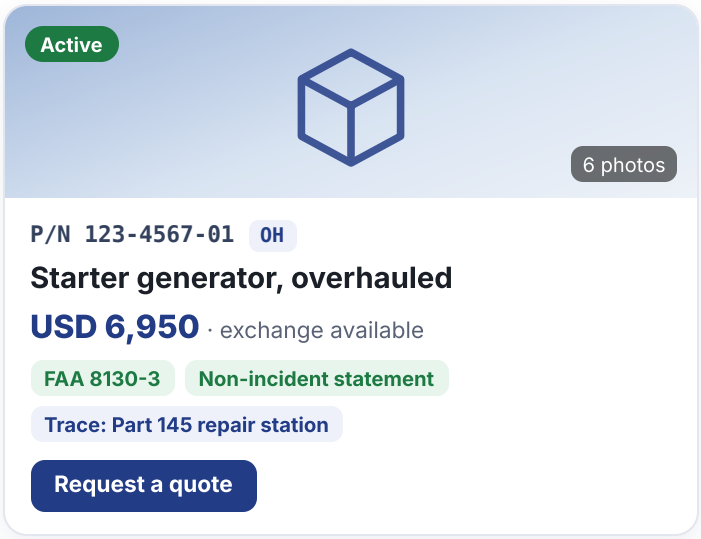

The seller's email is never shown on the page. Inquiries are forwarded, with limits per sender to keep spam out.

Pistons to jets

Single and multi piston, turboprops, jets, helicopters, light sport, experimental and gliders.

PARTS FOR SALE

Parts with the paperwork buyers ask for

A sample part listing: condition, paperwork and traceability

What a part listing shows

- **Condition:** NE, NS, OH, SV, RP, inspected / tested, as removed or core.
- **Paperwork:** 8130-3, EASA Form 1, dual release, TCCA Form One, CoC, teardown and test reports, back-to-birth trace.
- **Traceability:** OEM, airline, Part 135 operator, repair station, distributor or military.
- **Fits and alternate part numbers,** with a reminder to check eligibility against the manufacturer's data.
- **Shipping and warranty** terms.

Quote requests

- Buyers send quantity, ship-to, exchange and AOG in one request.
- Search by part number, category, condition, paperwork, manufacturer, price and country.

Separate from inventory

Marketplace part listings are their own records. Listing a part never reads or changes your Stores stock or your web store.

Stores reaches further

The Stores Marketplaces tab builds a PartsBase inventory file and looks a part up on ILS, PartsBase and Locatory.

Export-controlled kept off

Parts flagged ITAR or EAR in Stores stay off the web store, the PartsBase file and public photos.

GOOD TO KNOW

Questions

Question	Answer
Who can list?	Organizations on Avistrata: dealers, operators, repair stations, shops and owners. Listings are made and managed in the Marketplace workspace, on the web and in the Admin app.
Who can buy?	Anyone. Searching and sending an inquiry are free and need no account.
Does Avistrata sell the aircraft or part?	No. Buyer and seller deal directly, on their own terms. Avistrata isn't a broker or dealer.
How long does a sold listing stay up?	Sold listings leave search and stay reachable by direct link for 30 days. Drafts and withdrawn listings are never public.
Where do I find it?	Aircraft: login.mrotracker.com/marketplace/aircraft. Parts: login.mrotracker.com/marketplace/parts. People: mrotracker.com/marketplace.

Selling an aircraft or parts?
